

# TEACH ME Technology

To whom it may concern,

My name is Jeremy Turner and I am the IT Consultant from Teach Me Technology representing Lessie Bates Davis Neighborhood House (entity 17013975 and 17011375). We would like to submit a formal request for a waiver in regards to the FCC Form 471. During the application process, we ran into quite a few hurdles and miscommunication. These two issues could have been avoided had Lessie Bates Davis Neighborhood House as well as Teach Me Technology, LLC were a bit more knowledgeable on the steps involved for filing. In addition, we were not aware that the district/parent locations do not receive the same level of services as the child location. The district location Lessie Bates Davis Neighborhood House contain several school programs and functions as well. This miscommunication with SLD was resolved within a decent amount of time creating a new entity number for the Neighborhood House: 17011375. Case number 0026422303 was created on the last day to file Form 471. After submission, we received an alert that there was missing information. We had to follow a set of specific rules to amend the 471 form and resubmit as well as a waiver to the FCC. The process for filing both form 470 and 471 has been a great learning experience to prevent us from making these type of mistakes in the future. If anyone has any questions please feel free to reach out to me directly: 972-914-8681. Thank you for your time.

Sincerely,

Jeremy Turner

President/CEO
